Respect Life Corner

Did you know...that at the moment of conception when we were smaller than a grain of sugar this is what happens?
Day 1: Fertilization
 The sperm joins with the egg to form one cell. This single cell contains the complex genetic makeup for every detail of a new human being. It has already been determined if the baby is going to be a boy or a girl, a son or a daughter! From that moment of conception the color of the baby's hair and eyes, their skin tone, and their hair is set. **After fertilization, nothing new is added but oxygen, nutrition, and time. Isn't that amazing?!**

Before I formed you in the womb I knew you, before you were born I set you apart; I appointed you as a prophet to the nations.

Please
 Pray for all Seminarrians,
 Priests and Religious

Natural Family Planning Awareness Week is a national educational campaign. The Natural Family Planning Program of the United States Conference of Catholic Bishops develops a poster each year with basic supportive materials. It is the individual dioceses however, that offer a variety of educational formats in the local church to focus attention on Natural Family Planning methods and Church teachings which support their use in marriage.

The dates of Natural Family Planning Awareness Week highlight the anniversary of the papal encyclical Humanae Vitae (July 25) which articulates Catholic beliefs about human sexuality, conjugal love and responsible parenthood. The dates also mark the feast of Saints Joachim and Anne (July 26), the parents of the Blessed Mother. For further information, contact nfp@uscceb.org.
